ENOUGH! SCOTLAND

together, we are enough! **LAUNCH MAY 2019**

Launched May 2019, enough

scotland is a response to our social, economic and ecological crises.

DEGROWTH We believe that growing our economy is costing us our future. This story of growth is

so embedded in our ways of living that any kind of change demands the complete reimagination of our society. We believe that not only is this possible, it is now essential. Regaining the freedoms and possibilities lost through

The need to respond sensitively to a global pandemic

and mutuality. We seek to challenge perceptions that

the imposition of oppressive ideologies, systems and practices. A process of remembering, revisioning and

reclaiming. The re-opening of a world and the healing of ruptures caused by violent separation. **PANDEMIC RESPONSE**

and the pain and instability it has brought to people's lives has necessitated a shift of our work towards advocating explicitly for an economy that centres care

degrowth is primarily about downscaling. **EMERGING CONTEXT** Pandemic crisis interventions make a mockery of political inaction on climate breakdown. Lockdown ennui meets marginalisation and predictable Brexit realpolitik. Hauntology meets hyperreal soft authoritarianism. One gigantic stuck

ROTU

as a way to (re)imagine alternatives + (re)create cultural codes, messages + values for our future(s).

Repository of the Undercommons (RotU) is a curator/artist residency borne out of Enough!
